## Company Profile

Jiaoyang Welding Industries Hebei Co., Ltd. (here-in-after referred to as JIAOYANG), located in the well-known hometown of wire mesh-Anping County, Hebei Province, established in 1988. After nearly 30 years of tempering, industry involves steel welded wire mesh machineries and steel welded mesh processing and distribution. The company implements industrialization, informationization and standardization under the strategic plan of “based on the mesh and serving the society”. The modern management system has become a welding mesh machine integrating R&D, design, manufacture, sales and service. The company is a technology research and development enterprise specializing in the research of wire mesh and steel electric soldering technology equipment.
