

WIRE STRAIGHTENING AND CUTTING MACHING 2-3.5

Parameters: 2-3.5

Wire diameter	φ 2-3.5	Working speed	60-80m/min	Wire straightness	≤2mm/m	Wire type	Coil
Cutting length	1.2m	Cutting method	Servo System	Wire material	Low carbon steel wire Galvanized wire stainless steel wire	Wire pressure	manaully
Cutting tolerance	±0.5mm	Total power capacity	4.1KW	Power supply	380V50HZ		

WIRE STRAIGHTENING AND CUTTING MACHING 3-6

Parameters: 3-6

Wire diameter	φ 3-6mm	Working speed	80m/min	Wire straightness	≤2mm/m
Wire type	Coil	Cutting length	0.1-4m	Cutting method	Servo System
Wire material	Low carbon steel wire Galvanized wire stainless steel wire	Total power capacity	15KW	Power supply	380V,3phase,50HZ
